

ICRM Exam Prep Workshop

Oct. 5, 2020 9:00am- 6:00pm

Oct. 10, 2020 10:00am- 2:00pm

The ZRA Professional Development Committee (PDC) is excited to be able to continue its long history of hosting an ICRM Exam Prep Workshop in association with the Annual Conference, and this year will deliver the opportunity virtually.

ZRA will host a 4-hour workshop on Monday, October 5, 2020, for those interested in taking exams related to the Certified Records Analyst (CRA) credential as well as an afternoon half-day covering the exams required to become a Certified Records Manager (CRM). A third half-day will be offered on Saturday, October 10, 2020, which provides an opportunity for attendees to write a sample case study for Part 6.

I am thrilled to have two of our members helping present the workshop, Adrienne Horrigan and Lillian (Lily) Moore, both CRA's that represent the zoological community. This will be Lily's first opportunity to present in the ZRA hosted workshops. We also welcome Caroline Walters, CRM, Regent for the ICRM Exam Development Committee; she will present and update everyone on the new procedures related to online testing. Finally, we welcome Dr. Patricia Franks, Ph.D., CRM, CA, IGP, Professor and Coordinator for the San Jose State University for the Master's in Archives and Records Administration (MARA) degree program. San Jose State University is a strategic partner of the ICRM and Dr. Franks was a special advisor on the body of knowledge that was the basis of the ZRA Training Certificate Program for Module 2: Records and Information Management. She is the author of one of the primary publications used to write questions for the ICRM exams.

Please contact me if you have any questions about ICRM certification or the PDC hosted workshop.

Rae

Rae Lynn Haliday, MBA, CRM
Co-Vice Chairman
ZRA Professional Development Committee
