

Species360 Workshop

Oct. 5, 2021

3:00pm- 5:00pm (ET)

ZIMS keeps evolving! You might not have caught every change over the last year of development, join us and get caught up! In this workshop you can get hands on in your data and practice with features you haven't tried yet and learn all about newer features we developed over the last year!

Global information
serving conservation.
