

Species360 Workshop
Oct. 11, 2022
1:00pm- 4:00pm (CT)

The Species360 Team will be at the 2022 ZRA Annual Conference again this year! Join us for a hands-on half-day workshop delving into all things ZIMS. We will demo the latest ZIMS enhancements and features and look into the following areas:

- Gain insights into the ZIMS for Husbandry Care and Welfare shared templates and new enhancements.
- Learn more about the latest updates to the Calendar function in ZIMS for Medical and other exciting enhancements.
- Explore managed groups, and the reproductive and pedigree tools in ZIMS for Studbooks.
- Take part in user sessions to show us how you use ZIMS to help inform future development.

Our staff are also on hand to help answer any ZIMS questions you may have. We look forward to seeing you in Nashville!
