AnimalCare Software Workshop

Oct. 5, 2023

10:00 a.m. to 12:00 p.m. (EST)

**AnimalCare Software: Managing Communications, Secure Document Storage
Facility Operations, and Contingency Planning.**

AnimalCare Software welcomes all conference attendees to participate in a hands-on workshop to learn more about our unique approach to:

- Frontline staff communication,
- Document storage,
- Contingency planning for emergency responses,
- Documentation of staff training,
- Welfare management, and
- Secure limited access for volunteers and interns.

We will demonstrate examples of features of the system as well as answer questions on how AnimalCare Software is used along side other platforms that fill voids in record keeping.
