2023 ZRA CONFERENCE | OCTOBER 2-7

south bend, indiana

2023 ZRA Committee Action Planning (Z-CAP) Workshop

Tuesday, 3 October ★ 9:00am to 12:00pm

Are you planning to attend the 2023 Annual Conference in South Bend, IN? *Of course you are!* So why not kick off the conference with another awesome **Z-CAP Workshop where you can learn about all the fabulous projects that ZRA Committees are planning for 2024!**

Not only is this workshop open to ALL Professional and Associate members, it is also FREE with your full conference registration *and* includes lunch! What more can you ask for?!

At this year's workshop, all Committees will have time to meet with current and prospective members. Committee leaders will explain the purpose of their committees and what projects they are hoping to achieve in the coming year. ZRA members can ask questions and gain a better understanding of how Association work is accomplished. **You do not need to be a current Committee member to attend.**

The schedule of when each Committee is meeting will come out later this summer.

Whether you want to actively participate, or just listen and learn, we would love to see you there!

If you have any questions, please contact President Stephanie Eller at eller.stephanie@phillyzoo.org or any Board member.
